BBM GROUP SUCCESSFULLY REPRESENTED AT THE AFTES 2014 EXHIBITION

Lyon, France, October 13-15 2014.

The BBM Group presented itself on a collective exhibition stand at the trade exhibition for tunneling and underground spaces, AFTES (French Tunneling and Underground Space Association) for the first time. AFTES 2014 exhibition took place in conjunction with the 14th AFTES International Congress.

The AFTES Congress and specialized exhibition represent the ideal platform for an intensive exchange between delegates and exhibitors about tunneling and underground space construction.

On 5400 m² of exhibition space, the 165 exhibitors presented their business and informed the 500 delegates about the latest developments in the fields of tunneling and underground space construction.

In varied, interesting discussions the existing relations have been strengthened and new promising contacts have been established.
